

JEC SUMMIT **CONNECT** SPORTS & HEALTH

A unique networking experience for decision-makers
Online | December 8-10, 2020

SPONSORING OPPORTUNITIES

PURPOSE OF THE SUMMIT

JEC SUMMIT SPORTS & HEALTH, December 8-10, 2020, is an event **focusing on medical and sports equipment manufacturers, using Composites**. It is the opportunity to see how composite materials provide answers to challenges, improve user experience, facilitate rehabilitation and help pursuing performance in sports.

JEC Group **is launching this event** entirely **online**, it will allow participants to join what will be a promising opportunity to gather **decision makers** from highly sought out sectors.

Post Covid-19 crisis, focusing on composite applications in the medical and sports industries is a great opportunity to give the possibility to actors of the composites world to develop their activities in these fields, to find new applications, new outlets and quickly find potential growth*.

*JEC Group/Explori survey, May 2020

WHY SPORTS & HEALTH?

- / The goal is to offer a **current state of the art and best practices** of these fields, as well as engage in meetings and business discussions leading to **answering the challenges** presented by these sectors.
- / Lightweight, resistant, highly customizable, composite materials are **a natural fit for the medical device and sports technology fields**, which both require the best possible material combinations for safety, comfort, and performance.
- / With leader keynote speeches, startup pitches, business meetings, and sponsor workshops, JEC Group offers the industry a **unique event bringing forward high-end content and gathering key international decision makers**. This is a crucial step in order to help further progress in constantly evolving fields which tackle simultaneously performance, safety, and cost-effectiveness.
